Sofia

TO WHOM IT MAY CONCERN:

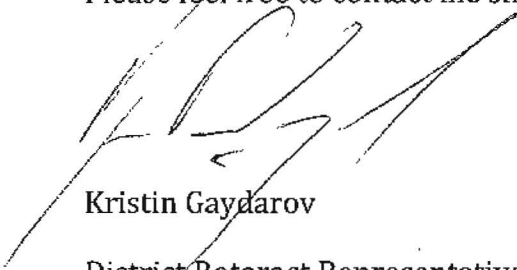

It is with great pleasure I write this letter in support of Ms. Eva Pillossof. I have had the opportunity to work closely with Eva for five years throughout our mutual experience in Rotaract, a Rotary-sponsored youth program for young leaders. Eva was one of the charter-members of Rotaract club Blagoevgrad-Center. Being a member of the board of Directors, she had a prominent role in the process of building the club.

Given her broad range of skills, Eva was an inseparable part of the Rotaract District Committee. Her professional skills and educational background gave grounds to the district leaders to entrust her with the role of District Trainer. Through her service she was responsible for teaching hundreds of club members in different aspects of the organization.

In my opinion, her service as a district leader was nothing compared to her social service. She has always taken an active role in all community service projects organized by her club. Eva was one of the main organizers of one of the major district projects which is still undertaken even today.

On a personal note, I thoroughly enjoyed having Eva not only as an experienced adviser during my service as District Representative but also as a trustworthy and dependable friend.

Please feel free to contact me should you require more information.

Kristin Gaydarov

District Rotaract Representative 2014/2015

Rotary International District 2482 - Bulgaria
