

Simona Vrachanska

Teacher of Mathematics, EIS

13.10.2015

To Whom It May Concern:

I am pleased to write this letter for Eva Pillossof and have known her for the last 5 years where she has been my colleague at EIS.

Eva is an enthusiastic, punctual, and trustworthy individual. For example, she has never been late to class on any occasion and on a regular basis she assists students in her out of class free time.

Eva Pillossof has also helped out with administrative tasks in the school without complaint, and is always enthusiastic to contribute to the educational progress of our institution. When a team member called in sick last season, Eva volunteered to fill in, even though she had the day off.

I am confident that I can recommend Eva Pillossof for this employment position. I know she will contribute to your organization, just as she has with our school. If you would like for additional information about her, feel free to contact me on s.vrachanska@abv.bg.

Sincerely

Simona Vrachanska
